statistics education     *Varieties of Qualitative Research Methods* Janet Mola Okoko, Scott Tunison, Keith D. Walker, 2023-01-01 This book is a compilation of more than 70 qualitative research concepts that are used by researchers and practitioners in the social sciences and humanities The concepts include methods and methodologies applied in qualitative research in various contexts Each concept is a standalone chapter that is authored by a researcher or practitioner who has had some scholarly experience with it The chapters are alphabetized using the titles of the concepts to provide easy access for readers They follow a prescribed outline which ensures homogeneity in the layout of the book Each chapter starts with a brief historical background of the concept followed by a concise description of the concept and the process used in its application Readers are then provided with the possible ways in which the concept can be used and its benefits Each chapter concludes by providing readers with some strengths and limitations of the concept and a list of references that authors have used in the chapter     **Educational Research** Norman E. Wallen, Jack R. Fraenkel, 2013-03-07 Educational Research A Guide to the Process is a different kind of research text It emphasizes the process of research that is what researchers actually do as they go about designing and carrying out their research activities Rather than passively reading about research operations it promotes content mastery by using a three step pedagogical model that involves a manageable chunk of text a comprehension or application exercise and author feedback on the exercise The text contains approximately 150 of these exercise feedback units The second edition has been thoroughly updated expanded from 15 to 20 chapters and reorganized into two parts Part I covers basic aspects of the research process provides an example of a student research proposal and shows how to evaluate a research report Part II provides a separate chapter for each research methodology including two chapters on qualitative research Other noteworthy changes include more annotated studies and more visual illustrations of statistical and research methods     Shaping Doctoral Experiences Damien Lyons, Jane Southcott, Kanwarjeet Singh, 2026-02-19 This book argues that meaningful relational connections are central to effective doctoral journeys challenging neoliberal models by reclaiming supervision as a dynamic human centered space for inquiry and growth
