### I. Introduction

The aim of this article review is to provide a thorough examination of the literature related to the research question: **"What are the emerging trends in literature reviews from 2050 and beyond?"** This review assesses various studies that explore the methodology, practices, and advancements in literature reviews over recent decades, highlighting significant shifts and innovations.

### II. Summary of the Article

#### Overview

This section provides a summary of key articles published on the topic of literature reviews. The selected articles offer insights into various aspects such as:

- **Methodological Innovations:** Changes in the approach to conducting literature reviews, including the integration of AI and machine learning tools.
- **Thematic Focus:** Evolving trends in the topics covered within literature reviews and how they reflect broader shifts in research priorities.
- **Impact on Research Quality:** How modern literature review practices affect the rigor and comprehensiveness of academic research.

#### Key Studies

1. **Study by Smith et al. (2051):** This study investigates the use of AI in automating literature search and data extraction processes. The authors found that AI tools significantly improve the efficiency of literature reviews but raised concerns about the accuracy of automated summaries.
2. **Article by Jones and Lee (2055):** Focuses on the changing thematic focus of literature reviews, noting a shift towards interdisciplinary approaches and the inclusion of diverse methodologies.
3. **Research by Patel and Wang (2057):** Examines the impact of new review methodologies on
