

## 20 scholarship interview questions

### 1. Tell us about yourself

**Example 1:** *"I'm really passionate about animals. That's why I plan on majoring in animal husbandry and becoming a veterinarian one day! I've already fostered several small animals and regularly volunteer at the animal shelter. The traveling veterinarian lets me observe procedures and learn how to care for injured animals. For instance, I helped him bandage a dog's leg after it had been hit by a car. I hate to see an animal suffer!*

### 2. What do you want to do with your career? / what are your career goals?

**Example:** *"I first realized I wanted to take care of people when my sister was recovering from surgery four years ago and needed help. Today my dream is to become a registered nurse so I can dedicate myself to helping others in an exciting and challenging environment. After getting my bachelor's degree in nursing here at Jackson University, I want to work in the local healthcare system to gain experience. Then, I intend to pursue my master's degree in nursing, so I can become a nurse practitioner. I see myself working in critical care in a hospital near my home in Dallas so I can be close to family when they need me.*

This scholarship is directly linked to my future career ambitions and if I am successful, it will be certainly put to good use.

### 3. Who is your role model?

**Example:** *"My role model is my late grandfather, who at age 25 started a textile company that grew into a successful enterprise. He was a brilliant man who built his dream from the ground up and gave back to the community throughout his life. I also admire the way he was able to find a work-life balance and spend time with his family. He is the person who inspired me to pursue a business degree."*

### 4. Why did you choose this school or program?

**Example:** *"I chose Jackson University because its Young Scientists of America program is one of only three in the country. Having the opportunity to work in its state-of-the-art quantum physics lab would allow me to gain hands-on experience using the same technology and equipment I would need to use in my career. While I was visiting, the students and professors were welcoming, and I immediately felt at home.*

*I have chosen this school because from what I have heard and read during my research, the environment is conducive study, the teachers and lecturers are highly regarded and experienced in their subject area, and you clearly support your students so they can achieve their goals.*
