

# Job Evaluation and the Hay System

The Hay method of job evaluation is generally understood to be a point plan, although Hay itself does not define the guide chart-profile method as such. Hay's Methodology is the "most widely used process in the world":

- Measures jobs to reflect their relative weight in the organization
- Provides means to assess pay across different market/functions
- Evaluates *jobs* and not *people*
- Not based on performance, title, writing skills or current salary
