Nandigram All India Citizens Initiative,2007 On 14 March 2007 the peasants of Nandigram a coastal area in West Bengal s East Medinipur district were punished by their own State government for daring to oppose the government s plans to acquire 10 000 acres of farm land to set up a Special Economic Zone As thousands of women and children gathered to peacefully prevent government forces from entering their villages the police along with armed cadre of the ruling Communist Party of India Marxist unleashed a brutal assault that left 14 dead several missing and hundreds of people injured Particularly horrific were the tales of systematic sexual violence In the face of claims and counterclaims about the violence of 14 March a group of concerned citizens across India decided to organize a People s Tribunal on Nandigram to investigate the sequence of events that led to the carnage The villagers of Nandigram braving possible retribution for speaking out in public deposed before the Tribunal s jury from 26 28 May 2007 helping reconstruct what exactly happened on that fateful morning Nandigram What Really Happened is based on the Tribunal s report that unequivocally dubs the incident of 14 March a state sponsored massacre and calls for stringent punishment for those responsible and adequate compensation for those who suffered its consequences However the impunity accorded by the State government to the perpetrators of the violence of 14 March led to a repeat of violence in Nandigram during 6 14 November 2007 when the CPI M cadre recaptured the area with fresh atrocities that are still being unearthed Nandigram What Really Happened is an important read to understand the gradually emerging police state in India with corporations political parties state institutions and criminal elements joining hands to put down all forms of resistance by citizens to their agenda of loot and grab development The details of what happened in Nandigram are a grim pointer to what is in store in the coming years and the urgent need to fight for restoration of basic democratic rights enshrined in the Indian Constitution but violated with contempt by the very people appointed to defend them **Sectoral programmes of development** India. Human Interference on River Health Shreya Bandyopadhyay, Sunil Kumar De, 2016-10-29 This book examines in detail the health of India's Haora River which is of vital importance as the lifeline of Agartala the Capital City of Tripura. From its source in the Baramura Hills the river debouches onto the rolling plains of Chandrasadhubari. Thousands of people between Chandrasadhubari and the boundary of Bangladesh have settled along the riverbanks and are directly dependent on the river. Since the 1970s the ever growing population of the Haora River basin has been exerting tremendous pressure on the river. Several anthropogenic activities affect the river increasing sedimentation and pollution and are leading the Haora River toward its dying phase. This book presents the problems related to the overall health of the Haora River and discusses some proposals for restoring the ecological balance and geo political stability of this strategically important part of the country.
