approaches say about tragedy in particular none of them help us to feel tragedy Or rather they subordinate tragedy to something else to considerations of say class race or gender What these approaches manage to do is explain tragedy away What this book does is to help us feel tragedy first and foremost hence to perceive it better The aim of Amir Khan s counterfactual criticism of Shakespeare s tragedies Hamlet King Lear Macbeth A Winter s Tale and Othello then is precisely to reanimate the tragic effect long since lost in some deluge of explanation
