*Einstein's Masterwork* John Gribbin, 2016-09-06 In 1915 Albert Einstein presented his masterwork to the Prussian Academy of Sciences a theory of gravity matter space and time the General Theory of Relativity Einstein himself said it was the most valuable theory of my life and of incomparable beauty It describes the evolution of the universe black holes the behavior of orbiting neutron stars and why clocks run slower on the surface of the earth than in space It even suggests the possibility of time travel And yet when we think of Einstein s breakthrough year we think instead of 1905 the year of Einstein s Special Theory of Relativity and his equation  $E=mc^2$  as his annus mirabilis even though the Special Theory has a narrower focus Today the General Theory is overshadowed by these achievements regarded as too difficult for ordinary mortals to comprehend In Einstein s Masterwork John Gribbin puts Einstein s astonishing breakthrough in the context of his life and work and makes it clear why his greatest year was indeed 1915 and his General Theory his true masterpiece

Democratizing Luxury Annika A. Culver, 2023-12-31 Democratizing Luxury explores the interplay between advertising and consumption in modern Japan by investigating how Japanese companies at key historical moments assigned value or luxury to mass produced products as an important business model Japanese name brand luxury evolved alongside a consumer society emerging in the late nineteenth century with iconic companies whose names became associated with quality and style At the same time Western ideas of modernity merged with earlier artisanal ideals to create Japanese connotations of luxury for readily accessible products Businesses manufactured items at all price points to increase consumer attainability while starkly curtailing production for limited editions to augment desirability Between the late nineteenth and twenty first centuries control over family disposable income transformed Japanese middle class women into an important market Growth of purchasing power among women corresponded with Japanese goods diffusing throughout the empire and globally after the Asia Pacific war 1931 1945 This book offers case studies that examine affordable luxury consumer items often advertised to women including drinks beauty products fashion and timepieces Japanese companies have capitalized on affordable luxury since a flourishing domestic mercantile economy began in the Tokugawa period 1603 1868 showcasing brand name shops renowned artisans and mass produced woodblock prints by famous artists In the late nineteenth century personalized service expanded within department stores like Mitsukoshi Shiseid cosmetic counters and designer boutiques Shiseid now globally markets invented traditions of omotenashi Japanese values of hospitality expressed in purchasing and consuming its products In postwar times when a thriving democracy and middle class were tied to greater disposable income and consumerism companies rebuilt a growing consumer base among cautious shoppers democratizing luxury at reasonable prices and maintaining business patterns of accessibility high quality and exemplary service Nationalism amid economic success soon blended with myths of unique Japanese identity in a mass consumer society suffused by commodity fetishism with widely available brand names As the first comprehensive history of iconic Japanese name brands and their unique

connotations of luxury and accessibility in modern Japan and elsewhere Democratizing Luxury explores company histories and reveals strategies that lead customers to consume these alluring commodities **The national question** Ramón Pineda Gómez,2023-11-29 Before the rise of republics relations between communities were religious and military power based on the rights of the gods and spiritual warfare The Sublime Powers Granted to the Elect of the Deities With the appearance of the Republics and the Free Man International Relations as we know them today began the interaction between the National States with equal culture or legal society independence and sovereignty The right to war disappears no Republic establishes the law of war to destroy another nation The world of nations originated and consolidated in the American continent during the seventeenth and eighteenth centuries For the other continents the process began in Europe s First World War and extended to Asia and Africa during the Second World War and the Cold War But even today religious empires defend themselves by creating wars within republics and supported by monarchies and spiritual states Freedom of worship is established in the Republics to end servitude no more servants of religion who persecute condemn and subjugate peoples in the name of the gods Faith ceases to be an obligation and becomes an option In the Republic you can be an atheist during work hours a worshipper of Venus at lunch a priest of Bacchus and Morpheus at night and a worshipper of Hu tzil p chtli during a sporting event and no civil authority can judge you for changing religion or prioritizing science over mythologies In contrast to natural rights republics establish citizen and social rights with Constitutions Nature does not grant any rights The creation of the Free Man in the American continent gave good results that inspired European intelligence to create great cosmogonies such as Marxism and liberalism But religious empires remain a factor of control and domination they have no legal personality do not pay taxes have their own rules and demand tribute from their faithful **Sourcebook for Wind Band and Instrumental Music** Russ Girsberger, Frank L. For Dummies **Easy WP Guide WordPress Manual** Anthony Hortin,2015-10-23 It might be easier to say what this guide isn't rather than what it is. It isn't an in-depth look at every single function available within the WordPress dashboard. Nor is it a guide to help you develop or modify WordPress themes. It's an easy-to-follow WordPress manual that will help you to get an overall understanding of how you use the various features within the WordPress Dashboard to keep your website or blog updated. The official WordPress Codex is great if you want to get really involved in developing your own WordPress theme or modifying your site with plugins, but it can be a bit daunting for those users who just want a simple guide to using the Content Management side of WordPress or just need to update their site pages every so often. The Easy WP Guide will teach you how to add content to your website and keep it updated simply and easily. This version has been completely updated for use with WordPress 4.3.

[Advance WP Mastery](#) Laura Maya,2021-07-10 **Advance WordPress Mastery Transform Your WordPress Website into a Lean Mean Marketing Machine Do You Want To Take Your Website Business To The Next Level With WordPress** WordPress has come a long way from being a basic blogging tool to a global platform endorsed by the biggest brands and the most popular celebrities. Its features are particularly useful for small businesses as it allows them to put up attractive and high-functioning websites without the need for a big budget or an expert developer. And it works seamlessly for big websites as well. WordPress is the best-known and most widely used content management system (CMS) for creating websites. As the coronavirus circles the world, it is impacting the WordPress industry overall. The web development industry boomed as well as the eCommerce industry. Businesses that stayed alive needed cheaper ways to communicate and turned to websites, and many people who lost their jobs started their own companies. Many of those people needed online stores, providing a WordPress specialist has a unique opportunity to help these traditional brick-and-mortar businesses prepare themselves for the online world during this crisis. Thanks to the platform's free and simple content management system, it made it possible for anyone, regardless of levels of technical knowledge, to create impressive websites. The power of WordPress is the flexibility it offers through third-party plugins and themes to quickly get something online that can actually help an owner's bottom line right now. And business owners are ready to pay for it. Web developers are charging anywhere between 5 to 5K for a fully functional WordPress site that generates great results. With all its themes, plugins, and add-ons, it can be a little bit overwhelming to understand how the platform works and how you can leverage its full potential to get optimum results.
