Understanding Nursing Research E-Book Susan K. Grove, Jennifer R. Gray, 2022-05-27 NEW Updated content throughout the book focuses on the most relevant need to know information to help you understand the research and evidence based practice EBP processes NEW Research Evidence Based Practice Tips provide expert advice to help you critically appraise published studies for application to clinical practice *You Can Publish Your Journal Article* Gilbert C. Gee, 2023-12-13 You've completed your research and want to publish it in a peer reviewed journal Author Gilbert C Gee is here to help sharing what he learned as a writer reviewer and Editor in Chief and calling on other journal editors to offer their advice You Can Publish Your Journal Article will not only help you write your paper but more importantly be more likely to succeed in peer review The book has four main premises that writing involves a relationship between you and your readers and that your research joins an ongoing conversation in the field that good writing is rewriting and revision is critical that people who write daily are more productive than those who binge write and finally that persistency wins so don't give up when you get a rejection With chapters offering practical advice on selecting the right journal peer review the methods section displaying your data writing the results and discussion sections the book concludes with short essays from invited journal editors about how to avoid common mistakes and ensure success **Concise Guide to Information Literacy** Scott Lanning, 2017-03-27 This concise but information packed text helps high school students in upper grade levels and lower division college and university students quickly master the basics of information literacy A student's textbook and an instructional reference for educators the second edition of Concise Guide to Information Literacy is both It teaches students what information literacy is and why it is an important skill to develop for their schoolwork as well as for success in life outside of school The guide covers major areas in the information literacy process including locating evaluating and applying information successfully It also gives professors teachers and librarians a flexible text that can serve as the basis of a course in information literacy or research skills a basic research guide for any information literacy course or a supplemental text This second edition has been reorganized for greater ease of use based on the information literacy models consulted All chapters have been fully updated and now include extended coverage of the topics that appeared in the first edition additionally a new chapter on managing information has been added **Understanding Research Methods** Mildred L. Patten, 2016-09-13 Designed for students who are getting lost in the details of research methods and not getting the big picture this short book provides an overview of the essential concepts traditionally covered in a research methods class Lively examples on contemporary topics stimulate students interest and show the relevance of research methods to their everyday lives Divided into short sections this book makes it easy for you to give customized assignments Assign only the sections your students need Shows students how to interpret statistics without computations Factual Questions at the end of each section allow students to check their comprehension Questions for Discussion stimulate classroom dialogue New to this edition Five new sections on in text

citations and reference lists have been added Numerous changes have also been made for consistency with the latest editions of the APA and ASA Style manuals and new examples have been added A Sequence for Academic Writing Laurence Behrens, Leonard J. Rosen, Bonnie Beedles, 2004 This brief rhetoric focuses on the key academic writing strategies of summary synthesis analysis and critique Responding to the growing interest in academic writing this popular guide focuses on the critical reading and writing strategies necessary to help students interpret and incorporate source material into their own papers The text employs high interest readings from a range of disciplines to allow students to practice their summary and synthesis skills while numerous student papers model the kinds of academic texts students are expected to produce no matter what their area of study Individuals who want help with writing up researched or documented papers **Success as a Psychology Major** David E. Copeland, Jeremy Ashton Houska, 2020-02-07 Success as a Psychology Major First Edition by David E Copeland and Jeremy A Houska is an essential resource for any student interested in pursuing an undergraduate degree in psychology Built from the ground up with input from hundreds of psychology students this First Edition answers every question a trepidatious undergraduate may have Success as a Psychology Major opens with practical tools on how to be a successful student walks readers through the psychology curriculum highlights key skills to develop and presents the various academic and career paths to take after graduation Unique chapters on joining a research lab professional organizations and clubs documenting students accomplishments and practical tools for managing time and money provide students with resources they will use throughout their academic career Presented in a modular format with a student friendly narrative this text is a step by step road map to a fulfilling and meaningful experience as a student of psychology
