

Use the question-specific markscheme together with the markbands. Award up to the maximum marks as indicated.

1. (a) Explain two determinants of price elasticity of demand.

[10]

Answers may include:

- Terminology: price elasticity of demand, demand.
- Explanation: that price elasticity of demand depends upon a number of determinants and two of them should be explained, such as the number and closeness of substitutes, degree of necessity, proportion of income spent on the good, time and others.
- Diagram: to show price elasticity of demand, for example changing along a straight-line demand curve or diagrams of relatively more or less elastic demand curves.

A maximum of [6] should be awarded if only one of the two determinants is addressed.

Mexico-China Relations Francisco Antonio-Alfonso, 2024-12-02 This book analyses contemporary Mexico China relations as a complex cultural encounter Through an unprecedented analysis of the discursive production of a series of diplomatic media and academic sources this book demonstrates how embedded in the great technological and political transformations of our transition into the 21st century Mexico China relations embodied a complex process of knowledge formation confronting their socially constructed

conceptions of time space and otherness a cultural encounter The book advances the idea that the cultural encounter between Mexico and China provides a fundamental case for understanding world politics and human interaction from a truly global perspective and beyond reductionist views of reality Unlike previous works which have predominantly focused on economics or geopolitics strongly influenced by a realist approach the book will present the subject as a dynamic interaction between ideological and material factors Mexico China Relations contributes to the study of otherness construction and critical understanding of the non Western world in international relations IR It will appeal to researchers and students of IR theory political theory cultural studies and studies of the impact of cultural influences on foreign policy as well as professionals working on Sino Latin American relations

The Personal and the Professional in Aid Work Anne-Meike Fechter,2016-03-16 This book considers how the personal and the professional dimensions are related and how they matter for aid work The contributions to this edited volume are based on the assumption that all actors are relevant in development including national and international aid workers A key question which the book explores is why the personal so often remains unacknowledged in development studies even though its salience for aid workers is well documented One possible reason is an implicit narrative of aid work as altruistic and self sacrificing which renders it inappropriate to devote much attention to the experiences of development professionals themselves In order to redress this this book critically considers the kind of difference they make and aims to understand how they respond to the challenges of their work The book explores their efficacy as human beings and employees with individual subjectivities social and cultural beliefs and practices and documents how these shape their involvement in development processes This book was published as a special issue of Third World Quarterly
