English-Chinese Bilingual Florentin Smarandache & Fu Yuhua, The purpose of this book is to extend the foundation and application range of Tao TeChing The reasons for this are as follows Firstly we are willing to point out that Tao TeChing already has some limitation because many questions we are interested in cannot be answered within Tao Te Ching For example Tao Te Ching basically discussed the matters in China however considering all possible situations it should matter in foreign countries as well in the global village This was impossible in Lao Tzu's time Secondly if the original Tao Te Ching is regarded as Positive Tao Te Ching its opposite is Negative Tao TeChing while the intermediate or compound state is Neutral Tao Te Ching Thus our book presents the way to extend the original Tao Te Ching in various neutrosophic interpretations In a same way it is possible to neutrosophically interpret any theory T in any field positive T negative T and Neutrosophic T TTT T
