

The government wants to save indigenous languages!

- Indigenous languages in parts of Nigeria are facing **extinction** due to the dominance of English in day to day life
- This is **affecting** the **spoken ability** of mother tongue users
- **Urbanisation** is one of the main factors that is causing this risk of extinction
- The government's solution for this is to **enforce a law** that says that children must be **taught in their mother tongue** (or the native language of their community) for at least the first 3 years of their education.
