Welsh, 2010-02-23 From *All Quiet on the Western Front* and *Gone with the Wind* to *No Country for Old Men* and *Slumdog Millionaire* many of the most memorable films have been adapted from other sources And while courses on film studies are taught throughout the world *The Pedagogy of Adaptation* makes a strong case for treating adaptation studies as a separate discipline What makes this book unique is its claim that adaptation is above all a creative process and not simply a slavish imitation or reproduction of an original This collection of essays focuses on numerous contexts to emphasize why adaptations matter to students of literature It is the first such volume devoted exclusively to teaching adaptations from a practical teacher centered angle Many of the essays show how adaptation as a discipline can be used to prompt reflection on cultural historical and political differences Written by specialists in a variety of fields ranging from film radio theater and even language studies the book adopts a pluralistic view of adaptation showing how its processes vary across different contexts and in different disciplines Defining new horizons for the teaching of adaptation studies these essays draw on such disparate sources as *Frankenstein* *Moby Dick* and *South Park* This volume not only provides a resource book of lesson plans but offers valuable pointers as to why teaching literature and film can help develop students skills and improve their literacy [Italian Mobilities](#) Ruth Ben-Ghiat, Stephanie Hom, 2015-07-24 The Italian nation state has been defined by practices of mobility Tourists have flowed in from the era of the Grand Tour to the present and Italians flowed out in massive numbers in the late 19th and early 20th centuries Italians made up the largest voluntary emigration in recorded world history As a bridge from Africa to Europe Italy has more recently been a destination of choice for immigrants whose tragic stories of shipwreck and confinement are often in the news This first of its kind edited
