The Rising Sun John Toland,2011-10-04 A chronicle of the World War II rise and fall of the Japanese empire from the invasion of Manchuria and China to the atomic bombing of Hiroshima and Nagasaki from the Japanese perspective

Rising Sun John Toland,1982-10-01

Atomic Salvation Tom Lewis,2020-07-20 A thought provoking analysis of the bombing of Hiroshima and Nagasaki and what might have happened if conventional weapons were used instead It has always been a difficult concept to stomach that the atomic bombs dropped on Hiroshima and Nagasaki in 1945 causing such horrific suffering and destruction also brought about peace Attitudes toward the event have changed through the years from grateful relief that World War II was ended to widespread condemnation of the United States Atomic Salvation investigates the full situation examining documents from both Japanese and Allied sources but also using in depth analysis to extend beyond the mere recounting of statistics It charts the full extent of the possible casualties on both sides had a conventional assault akin to D Day gone ahead against Japan The work is not concerned solely with the military necessity to use the bombs it also investigates why that necessity has been increasingly challenged over the successive decades Controversially the book demonstrates that Japan would have suffered far greater casualties likely around 28 million if the nation had been attacked in the manner by which Germany was defeated by amphibious assault artillery and air attacks preceding infantry insertion and finally by subduing the last of the defenders of the enemy capital It also investigates the enormous political pressure placed on America as a result of their military situation The Truman administration had little choice but to use the new weapon given the more than a million deaths that Allied forces would undoubtedly have suffered through conventional assault By charting reaction to the bombings over time Atomic Salvation shows that there has been relentless pressure on the world to condemn what at the time was seen as the best and only military solution to end the conflict Never has such an exhaustive analysis been made of the necessity behind bringing World War II to a halt

Last Stand on Bataan Christopher L. Kolakowski,2016-03-14 In the opening days of World War II a joint U S Filipino army fought

desperately to defend Manila Bay and the Philippines against a Japanese invasion Much of the five month campaign was waged on the Bataan Peninsula and Corregidor Island Despite dwindling supplies and dim prospects for support the garrison held out as long as possible and significantly delayed the Japanese timetable for conquest in the Pacific In the end the Japanese forced the largest capitulation in U S military history The defenders were hailed as heroes and the legacy of their determined resistance marks the Philippines today Drawing on accounts from American and Filipino participants and archival sources this book chronicles these critical months of the Pacific War from the first air strikes to the fall of Bataan and Corregidor

Hellships Down Michael Sturma,2021-03-18 On 12 September 1944 a wolfpack of U S submarines attacked the Japanese convoy HI 72 in the South China Sea Among the ships sunk were two carrying Allied prisoners of war Men who had already endured the trials of Japanese captivity faced a renewed struggle for survival at sea This book tells the broader story of the HI 72 convoy through the stories of two survivors Arthur Bancroft who was rescued by an American submarine and Charles Rowley Richards who was rescued by the Japanese The story of these men represents the thousands of Allied POWs who suffered not only the atrocious conditions of these Japanese hellships but also the terror of friendly fire from their own side s submarines For the first time the personal political and legal aftermath of these men s experiences is fully detailed At its heart this is a story of survival Charting the survivors fates from rescue to their attempts at retribution this book reveals the trauma that continued long after the war was over

1942 Winston Groom,2007-12-01 America s first year in World War II chronicled in this page turner by the Pulitzer Prize nominated author of Forrest Gump and The Generals Publishers Weekly On December 7 1941 an unexpected attack on American territory pulled an unprepared country into a terrifying new brand of warfare To the generation of Americans who lived through it the Second World War was the defining event of the twentieth century and the defining moments of that war were played out in the year 1942 This account covers the Allies relentless defeats as the Axis overran most of Europe North Africa and the Far East But by midyear the tide began to turn The United States finally went on the offensive in the Pacific In the West the British defeated Rommel s panzer divisions at El Alamein while the US Army began to push the Germans out of North Africa By the year s end the smell of victory was in the air 1942 told with Winston Groom s accomplished storyteller s eye allows us into the admirals strategy rooms onto the battlefronts and into the heart of a nation at war When not drawing in readers with the narrative Groom is impressing them with his masterful analyses The Atlanta Journal Constitution Groom has done an artful job of blending the many stories of 1942 The Anniston Star

Eagle Against the Sun Ronald H. Spector,2020-11-03 The best book by far on the Pacific War The New York Times Book Review this classic one volume history of World War II in the Pacific draws on declassified intelligence files British American and Japanese archival material and military memoirs to provide a stunning and complete history of the conflict This superbly readable insightful gripping Washington Post Book World contribution to WWII history combines impeccable research with electrifying detail and offers provocative interpretations of this brutal forty

four month struggle Author and historian Ronald H Spector reassesses US and Japanese strategy and shows that the dual advance across the Pacific by MacArthur and Nimitz was more a pragmatic solution to bureaucratic doctrinal and public relations problems facing the Army and Navy than a strategic calculation He also argues that Japan made its fatal error not in the Midway campaign but in abandoning its offensive strategy after that defeat and allowing itself to be drawn into a war of attrition Spector skillfully takes us from top secret strategy meetings in Washington London and Tokyo to distant beaches and remote Asian jungles with battle weary GIs He reveals that the US had secret plans to wage unrestricted submarine warfare against Japan months before Pearl Harbor and shows that MacArthur and his commanders ignored important intercepts of Japanese messages that would have saved thousands of lives in Papua and Leyte Throughout Spector contends that American decisions in the Pacific War were shaped more often by the struggles between the British and the Americans and between the Army and the Navy than by strategic considerations Spector vividly recreates the major battles little known campaigns and unfamiliar events leading up to the deadliest air raid ever adding a new dimension to our understanding of the American war in the Pacific and the people and forces that determined its outcome **The Rising Sun** John

thoroughly researched and crisply argued book award winning historian Robert P Newman offers a fresh perspective on the dispute over President Truman s decision to drop the atomic bomb on Japan in World War II Newman s argument centers on the controversy that erupted around the National Air and Space Museum s NASM exhibit of Enola Gay in 1995 Newman explores the tremendous challenges that NASM faced when trying to construct a narrative that would satisfy American

veterans and the Japanese as well as accurately reflect the current historical research on both the period and the bomb His full scale investigation of the historical dispute results in a compelling story of how and why our views about the bombing of Japan have evolved since its occurrence *Enola Gay and the Court of History* is compulsory reading for all those interested in the history of the Pacific war the morality of war and the failed NASM exhibition The book offers the final word on the debate over Truman s decision to drop the bomb *Commonweal* ,1971 *Michigan Academician* ,1986
