The Sociology Of Consumption An Introduction:

The Sociology of Consumption Peter Corrigan,1997-08-22 This lucid introduction to the sociology of consumerism examines the relationship between production and consumption in late capitalist societies The historical and theoretical discussion provides the student with the tools to examine key themes in the sociology of consumption After a detailed historical overview of the advent of consumer society Peter Corrigan examines theoretical accounts of consumption and consumer practice including Veblen and conspicuous consumption Mary Douglas on the world of goods Jean Baudrillard on the system of objects and Pierre Bourdieu on cultural capital This historical and theoretical discussion provides the student with the tools to examine key themes in the sociology of consumption [The Sociology of Consumption](#) Peter Corrigan,2003

SOCIOLOGY OF CONSUMPTION : AN INTRODUCTION. PETER. CORRIGAN,1997 **Development and Society** ,2004 **Schooled Bodies?** Majella McSharry,2009 This book explores how adolescents in contemporary western culture are schooled on issues of embodiment Despite an apparently growing lay consensus that adolescence is the time when concerns relating to the body are especially concentrated and complex sociological literature rarely makes any connection between the sociology of the body and the sociology of adolescence With its in depth conversations with adolescents themselves and its exploration of theoretical and empirical discourses the book bridges this gap Schooled Bodies is unique in offering a methodologically detailed account of the complexities encountered by the adolescents in their pursuit of a sense of embodied validation The in depth study allows readers to journey into the worlds of teenagers from varied backgrounds as they reveal embodied narratives that shift frequently between happiness and heartache Working with these adolescents and their everyday encounters with theoretical perceptions means that the bodies in this book are not mere canvases that have sociological understandings done to them Instead the participants are agents who themselves actively negotiate investigate and instigate sociological understandings **Journal for the Study of British Cultures** ,2004 **Consumption and Everyday Life** Mark Paterson,2023-06-27 With an emphasis on everyday life this respected text offers a lively and perceptive account of the key theories and ideas which dominate the field of consumption and consumer culture This third revised and expanded edition is a major update of the text of the second edition adding new chapters on youth culture and consumption retail psychology gender and consumption the globalization of food and digital consumption and platform capitalism Theoretical perspectives are introduced such as theories of practice critical theory semiotics and psychoanalysis Examples from film literature and television are used to illustrate concepts and trends in consumption and a wide range of engaging and up to date case studies of consumption are employed throughout Historical context is provided to help the reader understand how we became consumers in the first place Written by an experienced teacher the book offers an accessible and thought provoking introduction to the concept of consumption for students in sociology cultural studies human geography history anthropology and social psychology **Consumer Culture and Society** Wendy Wiedenhoft Murphy,2016-07-27 The

author is a proud sponsor of the 2020 SAGE Keith Roberts Teaching Innovations Award enabling graduate students and early career faculty to attend the annual ASA pre conference teaching and learning workshop Consumer Culture and Society offers an introduction to the study of consumerism and mass consumption from a sociological perspective It examines what we buy how and where we consume the meanings attached to the things we purchase and the social forces that enable and constrain consumer behavior Opening chapters provide a theoretical overview and history of consumer society and featured case studies look at mass consumption in familiar contexts such as tourism food and higher education The book explores ethical and political concerns including consumer activism indebtedness alternative forms of consumption and dilemmas surrounding the globalization of consumer culture

Gender, Civic Culture and Consumerism Alan J. Kidd, David Nicholls, 1999 The essays in this volume deal chiefly with issues of class and gender which are seen as mutually constitutive of social identity Historical interest in the idea of modernity is represented in studies of socio spatial relations of urban culture and in the emergence of gender laden conceptions of the modern suburban culture of domesticity and consumerism Art and art patronage are dissected as cultural motifs suggestive both of gender and rank The detailed cultural aesthetic of the middle classes is explored from the learned societies of the late 18th century to the amateur operatic societies of the 20th century suburbs A key focus is the changing and uncertain representation of masculine identities in relation to class

Changing Consumer Cultures of Modern Egypt Mona Abaza, 2006 In a collage of images the author attempts to convey the transformation of consumer culture and how it is related to the urban reshaping of the city of Cairo to meet with the demands of globalisation Evidently Cairo s urban reshaping is taking place by pushing away the unwanted slums residents which constitute the majority of the city s population

Youth and Social Change in Eastern Europe and the Former Soviet Union Charles Walker, Svetlana Stephenson, 2013-09-13 Two decades have now passed since the revolutions of 1989 swept through Eastern Europe and precipitated the collapse of state socialism across the region engendering a period of massive social economic and political transformation This book explores the ways in which young people growing up in post socialist Eastern Europe and the former Soviet Union negotiate a range of identities and transitions in their personal lives against a backdrop of thoroughgoing transformation in their societies Drawing upon original empirical research in a range of countries the book s contributors explore the various freedoms and insecurities that have accompanied neo liberal transformation in post socialist countries in spheres as diverse as consumption migration political participation volunteering employment and family formation and examine the ways in which they have begun to re shape different aspects of young people s lives In addition while social change is a central theme of the issue all of the chapters in the collection indicate that the new opportunities and risks faced by young people continue both to underpin and to be shaped by familiar social and spatial divisions not only within and between the countries addressed but also between East and West This book was originally published as a special issue of Journal of Youth Studies
