Dear Evan Hansen Val Emmich, Steven Levenson, Benj Pasek, Justin Paul, 2018-10-09 From the show's creators comes the groundbreaking bestselling novel inspired by the hit Broadway show *Dear Evan Hansen* and soon to be a major motion picture *Dear Evan Hansen*. Today's going to be an amazing day and here's why: When a letter that was never meant to be seen by anyone draws high school senior Evan Hansen into a family's griever over the loss of their son, he is given the chance of a lifetime to belong. He just has to stick to a lie he never meant to tell: that the notoriously troubled Connor Murphy was his secret best friend. Suddenly, Evan isn't invisible anymore, even to the girl of his dreams. And Connor Murphy's parents, with their beautiful home on the other side of town, have taken him in like he was their own, desperate to know more about their enigmatic son from his closest friend. As Evan gets pulled deeper into their swirl of anger, regret, and confusion, he knows that what he's doing can't be right, but if he's helping people, how wrong can it be? No longer tangled in his once-incapacitating anxiety, this new Evan has a purpose. And a website. He's confident. He's a viral phenomenon. Every day is amazing. Until everything is in danger of unraveling, and he comes face-to-face with his greatest obstacle: himself. A simple lie leads to complicated truths in this big-hearted coming-of-age story of grief, authenticity, and the struggle to belong in an age of instant connectivity and profound isolation.

The Dark that Doesn't Sleep Simon Mockler, 2023-06-06 In this chilling novel introducing an exciting new talent in thriller writing, a psychiatrist is tasked with unraveling a mystery at a top-secret military base. Winter 1967: An arctic storm traps three soldiers at a secret American military base located under the ice in Greenland. When the rescue team finally reaches them, two of the soldiers have died in what seems to be an accidental fire, and the third, Private Connor Murphy, is left severely burned with no memory of the previous seven days. New York psychiatrist and occasional FBI consultant Jack Miller is tasked with uncovering Murphy's memories. Carrying his own scars from World War II, Miller feels a kinship with the badly disfigured young soldier and patiently works to help him recall the events of that deadly storm. However, the FBI wants Miller to do more than just uncover the missing memories; they also tell him that one of the three soldiers was a Soviet spy, and he needs to figure out who. As Miller delves into the personal background of the other two soldiers and the history of the isolated base, he quickly realizes that nothing is as it seems.
