

A black and white portrait of Calvin Coolidge, the 30th President of the United States, is positioned on the left side of the image. He is wearing a dark suit, a white shirt, and a dark tie. The background of the entire image is a close-up of the United States Constitution, showing the words "We the People" and "IN CONSTITUTION" in cursive script.

Constituting Our Constitution Constituting Ourselves:

A Companion to Foucault Christopher Falzon, Timothy O'Leary, Jana Sawicki, 2013-04-01 A Companion to Foucault comprises a collection of essays from established and emerging scholars that represent the most extensive treatment of French philosopher Michel Foucault's works currently available. Comprises a comprehensive collection of authors and topics with both established and emerging scholars represented. Includes chapters that survey Foucault's major works and others that approach his work from a range of thematic angles. Engages extensively with Foucault's recently published lecture courses from the Collège de France. Contains the first translation of the extensive Chronology of Foucault's life and works written by Foucault's life partner Daniel Defert. Includes a bibliography of Foucault's shorter works in English cross-referenced to the standard French edition *Dits et Ecrits*. [Max Scheler in Dialogue](#) Susan Gottlöber, 2022-05-18 This volume explores Max Scheler's role within the philosophical and sociological debates of his time into the 21st century. Scheler was an interpreter, a transmitter of and respondent to the philosophical and sociological tradition. He was an interlocutor for his contemporaries and an inspiration for subsequent and current debates in philosophy, psychology, and political thought. Both young and established scholars shed light on central and less investigated aspects of Scheler's thought such as the question of moral facts, personal individuality, cosmopolitanism, and opportunities for intercultural understanding. The contributors delve into Scheler's influence on thinkers such as Tischner or Løgstrup as well as his role as a key figure within Catholic thought. The book appeals to students and researchers while exploring how engaging with Scheler can benefit contemporary debates on embodiment, psychopathology, and value pluralism. [Progressive Constitutionalism](#) Robin West, 1994 The Fourteenth Amendment guarantees all citizens equal protection under the law as well as immunity from laws that deprive them of life, liberty, or property without due process of law. In *Progressive Constitutionalism*, Robin West develops an interpretation of this amendment that contrasts with the views, conservative and liberal, of the Rehnquist, Burger, and Warren Courts and with the radical antisubordinationist account provided by the critical legal studies movement and many prominent feminist and critical race theorists. Her interpretation consists of a substantive argument regarding the Amendment's core meaning and a jurisprudential argument regarding the role of the courts and Congress in fulfilling the Amendment's progressive promise. West shows how the equal protection clause far from insulating the private spheres of culture, market, and home life as is commonly held, directly targets abuses of power within those spheres. She develops a number of arguments for the modern relevance of this understanding from the failure of the state to provide equal protection against private domestic violence, permitting a private sovereignty of patriarchal power within the home to the state's failure to provide equal protection against material deprivation, allowing private sovereignty between economically privileged and desperate people in private markets. West's argument extends to the liberty prong of the due process clause, seen here as a protection of the positive, not negative, liberty of citizens covering rights in such typically controversial areas as welfare.

education and domestic safety This interpretation recasts a number of contemporary constitutional issues such as affirmative action and hate speech and points to very different problems notably private unchecked criminal violence and extreme economic deprivation as the central constitutional dilemmas of our day Progressive Constitutionalism urges a substantive institutional and jurisprudential reorientation of our understanding of the Fourteenth Amendment one that would necessarily be pursued through Congressional rather than judicial channels In doing so with attention to history and both feminist and critical race scholarship it should reinvigorate our politics and our constitutional conversations and perhaps point us toward a more just society
